

Gatekeeper Systems Continues European Expansion

Paris, France - (August 6th, 2007) - Gatekeeper Systems SAS, the European subsidiary of California based Gatekeeper Systems, Inc., and leading intelligent trolley solutions company, has announced the successful move of its European Head Office to its new location in the Paris area.

Growth of its European client base as well as product line expansion necessitated the move. The new expanded sized facility is well suited for the company's needs and its anticipated growth in the coming years.

In making today's announcement, Stephane Dedieu, General Manager commented, "Our team is very excited about the changes and the potential to better support our customers. We hope the more centrally located office will enable us to better promote our intelligent trolley solutions to the European market."
