

COMMUNITY

At Gatekeeper Systems, community involvement is a cornerstone of our Environmental, Social, and Governance (ESG) priorities. We are committed to fostering positive change globally by actively engaging with communities where we operate throughout the year. Through volunteerism, partnerships, and philanthropic initiatives, we aim to address local needs and contribute to sustainable development. Our approach ensures that we not only adhere to our ESG commitments but also strengthen community ties, enhance social well-being, and support environmental stewardship. This consistent and continuous engagement reflects our dedication to responsible corporate citizenship and creating lasting, positive impacts worldwide.

Big shoutout to our USA team for their fantastic work volunteering at the Second Harvest Food Bank of Orange County!

A heartfelt thank you to everyone for the generous 70kg (154 lbs.) donation of food, and household items to the Trussell Trust Christmas 2023 food bank drive, deeply appreciated by the UK team.

17 of our employees braved the challenging weather. We raised £2,000 for Cancer Research UK.
